In an emergency situation,  
if you need help, call

**112** emergències

### WHEN AN EMERGENCY SITUATION OCCURS

- 1** Dial **6666** to send an alert.
- 2** Tell them:
  - 1** Who is reporting it
  - 2** What has happened
  - 3** Where did it happen
- 3** In the event of fire, activate the nearest **alarm button**.
- 4** **Keep calm** at all times. Do not run or shout to avoid causing panic.
- 5** **Wait** for further instructions on whether or not to evacuate the building.

### WHEN YOU HEAR THE EVACUATION SIGNAL

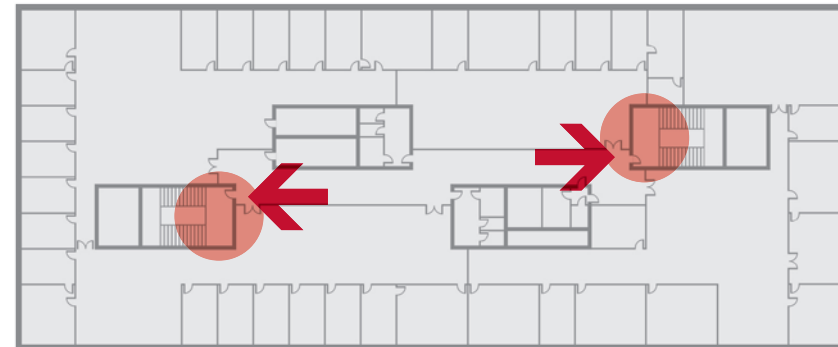

- 1** **Immediately evacuate the building**, calmly, without running and without turning back.
- 2** **Go to the nearest exit** following the routes indicated on the signs.
- 3** **Do not use the lifts or goods lift**. Always use the stairs.
- 4** **Do not turn back, do not block evacuation routes and take nothing with you**, as objects may hinder your exit and that of others.
- 5** Once you are outside, **go to the assembly point**. Stay until the Evacuation Coordinator declares the emergency over.

### IN CASE OF BUILDING EVACUATION

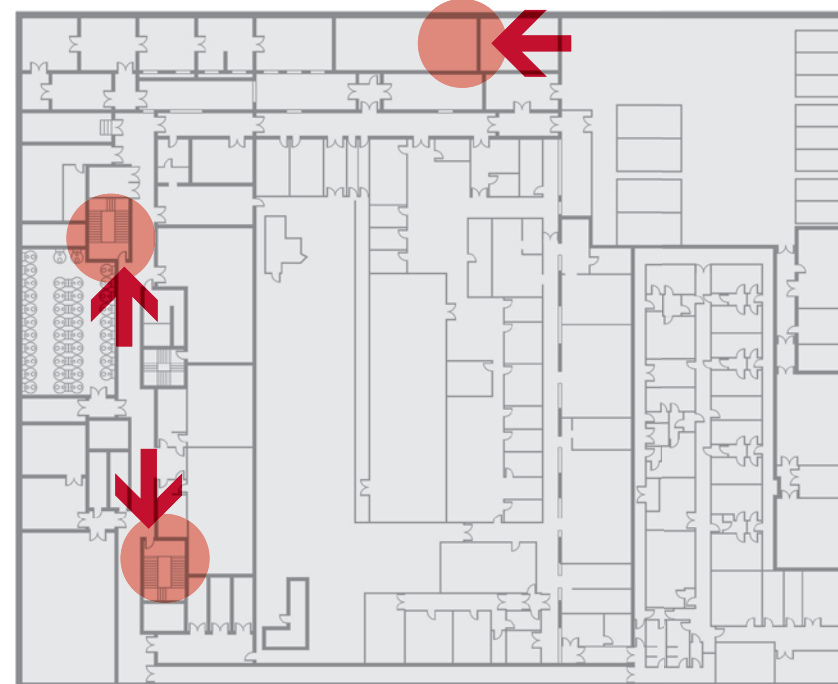

**Proceed to the assembly point outside** in an orderly fashion through the nearest evacuation routes and exits. Do not make calls, leave the lines free for the emergency.

All floors have two emergency exits (the two stairwells) and floor -1 has an additional third exit, which is the vehicle ramp.
